OBJECTIVE

Result oriented Banking Operations professional with 5+ years of experience in Employee Vetting, Regulatory Compliance, Quality Assurance, Training Management, Vendor Governance, Risk & Compliance and Global Operations.

EDUCATION

Graduate | Andhra University

2015 - 2019

Bachelor of Technology – Computer Science and Engineering from Andhra University with First class degree.

EXPERIENCE

Vetting Quality and Training Manager | HSBC

JULY 2025 – PRESENT

Global Quality, Training and Vendor Governance Manager supporting Employee Vetting Operations across 14 entities in ASP, 8 entities in MENA, 5 entities in Europe and UK&CIOM. Responsible for quality governance, training excellence, operational risk management, vendor capability development, risk management and continuous improvement initiatives while ensuring adherence to regulatory requirements and organizational standards. Act as the primary training and quality liaison for strategic screening partners including KPMG, HireRight and First Advantage.

Key Responsibilities:

- Lead the quality assurance and training function for global employee vetting operations across ASP, MENA, Europe and UK&CIOM regions, ensuring adherence to HSBC policies, regulatory requirements and risk controls.
- Prepare and present monthly Quality Governance Decks to Global Operations Leadership, highlighting quality performance, emerging risks, trend insights, QA improvement plan
- Prepare OpCo deck and present employee vetting quality, training and vendor performance outcomes during OpCo forums and governance meetings, providing senior leadership with insights into trends, emerging risk, remediation actions and strategic improvement opportunities.

- Represent the Employee Vetting Quality function in regional and global governance forums, effectively communicating quality performance, audit findings, MSII risks, risk indicators to senior stakeholders
- Management Information (MI) reporting for Global Employee Vetting operations, extract, validate, analyze and interpret large volumes of operational data for multiple sources to generate actionable insights for senior management and business stakeholders.
- Manage end-to-end Vendor Quality Governance for strategic screening partners including HireRight, KPMG and First Advantage, ensuring adherence to HSBC quality standards, service level agreements and regulatory expectations.
- Conduct vendor quality reviews, performance assessments, calibration sessions, governance meetings and remediation tracking to improve service delivery, quality outcomes and operational efficiency.

Key Achievements:

- Successfully managed Quality, Training and Vendor Governance across 27+ entities spanning ASP, MENA, Europe and UK regions.
- Enhanced quality performance through targeted coaching, root cause analysis.
- Established robust vendor governance and quality calibration frameworks for vendors strengthening compliance and service quality.

Senior Vetting Analyst (Risk and Compliance) | HSBC

APRIL 2021 – JULY 2025

Highly skilled Senior Vetting Analyst with experience in risk assessment, regulatory compliance and conducting thorough due diligence. Proven ability to analyze and mitigate risks associated with clients and third parties. Excellent analytical skills, attention to detail and proficiency in vetting tools and databases.

- Conduct comprehensive vetting and background checks on individuals and entities to ensure compliance with regulatory requirements.
- Perform thorough background checks, financial analysis and reputation reviews utilizing various internal and external databases.
- Assess potential risks associated with clients, vendors and third parties, provide detailed risk analysis and reports to TA team/onboarding human resources.
- Ensure all vetting activities comply with local and international regulations, including AML and KYC requirements.
- Maintain accurate and comprehensive records of all vetting activities, undertake regular audits of personal files stored in employee personal folders.
- Identify opportunities to enhance vetting processes and tools, participate in the development and implementation of new vetting procedures and systems.

Skills:

- Risk Assessment: Proficient in evaluating and mitigating risks associated with clients and third parties.
- Regulatory Compliance: Strong knowledge of AML, KYC, Real Time Screening, HUB checks, Negative News Screening, Fraud List.
- Analytical Skills: Excellent ability to analyze data and provide detailed risk analysis.
- Attention to Detail: Meticulous in conducting thorough vetting and maintaining accurate records.

- Communication: Effective in presenting findings and recommendations to senior management.
- Collaboration: Skilled in working with cross-functional teams and external partners.

Achievements:

- Cross – trained in Global platforms of vetting to handle United Kingdom, INDIA (GSC and HT) regions.
- Served as HT Point of Contact (Spoc), handling urgent background verification reports and case follow-ups. Coordinated follow-ups with team members for timely updates on case status, ensuring smooth workflow and efficient case resolution.
